Technical Skills & Tools

- **Programming Languages:** Java, SQL, JavaScript
- **Frontend Technologies:** HTML, CSS, React
- **Core Concepts:** OOP, DSA, DBMS, Collections Framework, Exception Handling, Multithreading
- **Backend Technologies & Frameworks:** JDBC, JPA, Hibernate, Spring, Spring Boot
- **Databases:** MySQL, OracleDB
- **AI & Gen-AI:** Gemini API Integration, Prompt Engineering
- **Developer Tools:** Git, GitHub, VS Code, Eclipse IDE, Postman, GitHub Copilot, Claude Code

Education

Oriental Institute of Science and Technology, Bhopal 2022 - 2026
B.Tech in Information Technology (CGPA: 7.17) *Bhopal, Madhya Pradesh*

Work Experience

Evendri.in *(Software Engineer - Intern)* *February 2026 - May 2026*

- Built a responsive D2C makhana e-commerce site with dynamic product pages, a persistent JavaScript cart, "Buy Now" checkout, and a payment modal (UPI, card, COD).
- Developed a multi-sector corporate website for Aegis Group using Java and Spring Boot, with sector pages, subsidiaries directory, CSR, careers, and contact sections.
- Added motion animations, mobile-responsive layouts, and SEO-friendly structure across both projects.
- Technologies: *Java*, *MySQL*, *JDBC*, *HTML*, *CSS*, *JavaScript*

Projects

GreenLoop | *React*, *Spring Boot*, *Spring Security (JWT)*, *JPA/Hibernate*, *MySQL*, *Gemini API*, *Cloudinary* | *Live Link*

- Built a role-based agricultural marketplace with dedicated dashboards for farmers, distributors, retailers, and customers, secured with JWT authentication and role-specific authorization.
- Developed REST APIs for fresh-harvest and stored-stock orders, with end-to-end fulfillment tracking.
- Integrated Gemini product quality assessment, Cloudinary image storage, nearby-farm sorting, wishlists, and GPS delivery tracking.

My Quiz App | *HTML*, *CSS*, *JavaScript*, *Gemini API*, *Prompt Engineering* | *Live Link*

- Developed an AI-powered quiz generation platform that dynamically creates multiple-choice questions based on user-provided topics, difficulty levels, and preferred languages, reducing manual quiz creation efforts.
- Designed an interactive and responsive user interface with real-time answer validation, instant AI-generated explanations, performance tracking, and analytics dashboard to enhance user learning experience.

Achievements & Certifications

Achievements & Honors

- Demonstrated algorithmic proficiency by solving **200+ DSA questions** across multiple competitive coding platforms.
- Designed scalable system architecture and led a **6-member team** to deliver all project milestones on schedule.
- **Runner-up** in the competitive Nodal Level Basketball Tournament RGPV Bhopal.

Certifications

- **Certificate of Registration of Design** – *Customer Emotion Detecting Device* (No. 473383-001, Class 10-05), co-holder in a 12-member team, The Patent Office, Govt. of India
- **NPTEL** – *Database Management System*
- **TCS iON Career Edge** – *Young Professional*
- **Cisco** – *IT Sales Job Simulation*
